第九届行星间立方星研讨会 9th Interplanetary CubeSat Workshop

中国北京 Beijing, China

2020年11月17-18日* 17-18 November 2020*

*暂定 *subject to change

iCubeSat 2020, the ninth Interplanetary CubeSat Workshop, will address the opportunities, technical challenges, and practicalities of space exploration with CubeSats. The workshop will provide a unique environment for open practical collaboration between academic researchers, industry professionals, policy makers and students developing this new and rapidly growing field.

Talks on astrodynamics, attitude control and determination systems, citizen science, citizen space exploration, communications, landers, launch opportunities, open source approaches, outreach, payloads, policy, power systems, propulsion, reentry systems, ride-shares, science missions, software, standardization, structures, systems engineering and other related topics are all welcome.

The workshop will be held on or near the campus of Tsinghua University in Beijing, China.

Abstracts due 1st October 2020* via iCubeSat.org
